For proper maintenance and usage, it's important to be able to have a Maytag user manual handy. Powerful bluetooth connection (up to 30-ft distance)70-cfm fan fan speedRectangular-shaped grille Somewhat loud beep whenever you connect The ChromaComfort by Broan-NuTone is our top pick for a bath fan that comes with an LED light and bluetooth speaker.And of course, it comes with a bluetooth-connected speaker so you can play your podcasts and music in the bathroom.The LED lighting is also really cool because it comes with 24 different color options, and the LED light is dimmable from 10% to 100%.Broan-NuTone has included a multi-function wall switch with this bathroom fan, so you can adjust the colors or even use a timer.If you don't want to install the included wall switch, you can still control the speaker through your phone, but you may lose some functionality.The ChromaComfort is rated at 110-cfm and 1.5 sones. And if you do use a duct size that is too small, it will also increase the noise of the exhaust fan which can also drown out the sound of the bluetooth speaker.Read Also >> How To Oil A Bathroom Fan?Here are my top picks with their pros and cons... It features TrueSeal damper technology which reduces air leaks by up to 50%. It uses a 4-inch duct and the housing size is 10-1/2" by 11-3/8" and with a 7-5/8" depth.You will still be able to hear the exhaust fan when playing music as with all bath fans. The company website has a dealer locator you can access by clicking the Where to Buy icon. Package Contents ... It comes with a dual high-fidelity speaker that will play your tunes or podcasts while in the shower. With the high-fidelity speaker, you can play music or podcasts while taking a shower.This exhaust fan is rated at 80-cfm for it's fan speed so it is suitable for bathrooms up to around 80-sf. This bathroom vent fan uses a 4-inch duct and it's housing size is 10-1/2" by 11-3/8" with a 7-5/8" depth. Here is a guide I wrote on how to choose the best CFM or fan size for your bathroom.Installing bluetooth bathroom fans is very similar to installing a standard bath fan, but here are a few installation tips:Using An Independent Wall SwitchProbably the biggest consideration will be the decision to install another wall switch.If your existing bathroom fan goes to one switch, then the bluetooth speaker will likely only turn on when the bathroom fan itself is on.This may get a little annoying since the sound of the bathroom fan may drown out some of the sound coming from the speaker.And the sound level called 'sones' of the bathroom fan can make a big difference to your audio experience. It is a dual speaker with high-fidelity sound and is rated at 5-watts.One downside of this speaker accessory is that it won't work if your Broan exhaust fan has a humidity sensor, heater, or if it is variable speed.And apparently you can't wire this speaker to a separate switch, so it will only turn on when the bath fan is operating. Maytag is a brand operated under the Whirlpool Corporation. It also uses a 4-inch duct so if you have an older 3" you will need to use an adapter.It comes with an LED light for extra bathroom illumination.One downside is that it uses an AC motor (rather than DC) so the fan itself is louder than our other picks. To search the site for the specific user manual that matches your appliance, enter the model number, which is also referred to by the company as an (E-Nr) number, according to the Bosch website.Set Up a My Bosch AccountThere's a second way to locate Bosch user manuals on the Bosch website, and that's to set up a My Bosch account. A bluetooth exhaust fan allows you to get two products in one; a bathroom exhaust fan and speaker.Since all of our phones, tablets, and laptops have bluetooth wireless technology nowadays — these vent fans will connect to almost all of them without wires or cables — compatibility is almost never an issue.Your phone, tablet, or laptop just has to connect once to the speaker, and after that, it will connect automatically when you enter the bathroom or if your phone gets within 20-30 feet of the bath fan.The option of leaving your phone in the bedroom helps avoid possibly damaging the phone in the bathroom. Read Also >> The Ultimate Bathroom Fan Buyer's GuideChoosing the best bluetooth-speaker bathroom fan must take into account the noise from the bathroom fan itself, since that can affect your sound quality. It has a fan speed of 110-cfm, and it is rated at 1.0-Sone which is pretty quiet. New Construction Installation Instructions... Several sites are dedicated to locating user manuals for many brands and models of products, and chances are you'll be able to find the one you're looking for. The brand features many home and commercial appliances. The fan itself is reasonably quiet and rated at 1.5-sones.The 7130-03-BT exhaust fan is easy to wire and comes with quick connect wire terminals, so you just push the bare wire into the quick connect.One downside of this exhaust fan is that it makes a somewhat loud beep or chime every time your phone connects to the speaker. They have also included a spacer for an I-joist installation. In fact, it can connect your device even if it is up to 30-ft away.This bluetooth bath fan is rated at 90-cfm, and it is suitable for bathrooms up to around 90 square feet. The Maytag brand has been committed to quality and dependability. Preparation... In fact, anything below 1.0-sona is whisper-quiet and can be difficult to know that it's even on.The older Broan fans that are in almost every old home I inspect are rated at 4.0 sones, and are extremely loud.
